ANNUAL LEAVE: Design House will be closed for two weeks due to 42km + 5,000 steps!

Please be advised I am out of the country from Friday the 13th of May till Tuesday the 31st of May 2011 on annual leave.

I am participating in my first ever competition marathon which is across ['The Great Wall of China!!'](#)

My friend Emma and I will be two of 60 people representing Australia in the event. We are just aiming to complete the course and they have given us eight hours to do so!

The Great Wall Marathon® is a tough, beautiful and definitely extraordinary experience. The 5164 steps of the Great Wall will put your physique to the test, and the breathtaking surroundings of Tianjin Province will compete with your tired muscles for attention.

I will not be working during this period.

So please check your printing stocks are not running low!

Email me now to reorder; jeanette@designhouse.com.au

If you experience any website or email problems while I am away please email the specific details and error message to techsupport@designhouse.com.au

Artwork of the Month - ZIN MEMBER Louise Johnson Melbourne

I teach Zumba in a number of different venues and have recently decided to expand my "independent" Zumba classes. I decided I needed to capitalise on the fact lots of people come to my class each week in many different places and try to get them all under one roof at my own class.

To do that I almost felt I needed to create a "Louise Zumba" brand and so I turned to Jeanette. Initially

I gave her no direction other than I liked pink! What she was able to come up with for my business has been amazing.

The suite of print products she has created are eye catching and really represent me, I feel like looking at them feels a little bit like what one of my classes feels like.

While Jeanette will let you e-mail ideas back and forth for days on end until you are both happy I promise you won't need it..... I squealed out loud when I saw the first draft of my Zumbatomic poster.

The final seal of approval came from Zumba Home Office themselves when we sent our work off to be checked from compliance.....they loved it!

I know these products will make a difference to my business and bring more people to Zumba. And I couldn't be happier about that. Zumba has changed my life....Jeanettes work will help me to spread the word and change more peoples lives.

Bringing More Gympie Real Estate
Buyers and Sellers Together Online**

John and Amanda believe that the success of gympierealestate.com.au is due to its consistently prominent and leading position on the internet and via google search results for people looking for Gympie Real Estate online.

Amanda said 'The internet is used by approximately 80% of people searching for real estate in the Gympie Region and accounts for approximately 65% of our enquiry for properties sold to buyers outside of the Gympie area.'

Amanda went on to say 'The remaining enquiry and sales come from other sources such as personal referrals, our prominent highway position and our signs which attract attention when placed strategically on properties for sale.'

'However, we believe our trademark gympierealestate.com.au website is by far the single most effective marketing tool for our vendors to advertise their properties on the internet, when it comes to what works and value for money.' Amanda said.
