As a motivated professional business woman it is extremely important to me that I learn from the absolute best for dynamic self improvement and that I am an EXPERT in my field improving what I can offer my clients in solving their business advertising problems to increase their confidence, profit and client base.

I like to set huge goals and go for them to inspire others to shoot for their dreams also and my latest goal was to have a photo taken with my business IDOL the legendary DONALD TRUMP currently valued at SEVEN BILLION DOLLARS!!!

Website Revamp of the Month - Jobsmart (Hervey Bay)

I first designed Rob Garland from Jobsmarts website back in 2007, so four years on he was definitely ready for a revamp!

We modernized his template, put some more focus on his 'I ♥ Hervey Bay' tshirts and campaign, plus added facebook to connect with clients and a blog for his [latest news](#) which is fantastic for SEO (search engine

optimisation).

Rob also has an admin panel so he or his staff can now log in any time and update his pages and latest news making sure his website is always current.

Business Card of the Month - Zumba® Vanessa Mimi Hernandez (Colorado USA)

Vanessa found my Zumba® artwork portfolio on my business website when doing a google search and decided to send me an email.

I emailed Vanessa some business card info, she replied and I sent her a proof that same day, we then decided on the best image to use to promote her business, finalised her design, sent it off to print, then the cards travelled by airmail to Colorado in the USA!

Thanks heaps Vanessa, always great to work with someone so professional and switched on!

I have also designed and delivered business cards for Val of the Da 'Ville Girlz in Fayetteville, North Carolina!

Let me tell you, I had no idea what to do for business cards, or how it worked to get one made. I just e-mailed the type of card I needed, and a photo I wanted on the card. I got one e-mail back asking questions, then sent it back, then VOILA the same day I had a lovely, professional business card tailored just for me! I could not believe how quick and wonderful it turned out, I was just amazed! You will not be disappointed in this company, Design House and Jeanette is the BEST!! She even gave me tips on my Facebook page, who does that?? Keep up the great work, you are truly talented and we are all very fortunate to benefit from your artistry!!
